London Markets Closed and Poom Traders Control Situation.

NEW YORK, March 29.-The stock market opened irregular with prices, however, generally higher. The gains ran from 1/8 to 1/2 per cent. The latter was made by New York Central, Reading and Atchison. Southern Pacific and St. Paul were 1/8 higher. Canadian Pacific was down ¼. Amalgamated and Anaconda advanced ¼.

At the end of ten minutes trading the market became dull and price move ments were irregular.

The great majority of these took an aggressive position on the bull side from the opening, and brought and bid up the stocks in which the largest short interest is believed to exist. During the first hour there were no transactions in Baltimore and Ohio, Louisville and Nashville, American Locomotive, and a large number of other issues. The market became broader and more active after the first hour with impressive buying in a number of leading issues. Further advances were made all around the room. William H. Saunders, against whom suit has been entered by Frank W. Powell to recover a deposit made in connection with a real estate transaction, has issued a statement in which he says that the trouble has arisen as a result of differences between the prospective purchaser and the owner of the property for which he is agent. Finding that their differences could not be reconciled otherwise, Mr. Saunders, through his attorneys, Berry & Minor, filed a bill of interpleader in the Supreme Court of the District, and deposited the money in court, in order that the two parties might fight out their differences there, and the suit is still pending.
